Subject: FW: Magnitude 7 Metals regulatory relief

Keith,

I have attached the response from M7 to the RNOV. Below is M7 request for regulatory relief on the items in the RNOV. We are currently writing a response to the regulatory relief items. We will be asking for more detail on which ones they are seeking relief from. [REDACTED]

If you

have any questions please let us know.

Subject: Magnitude 7 Metals regulatory relief

Magnitude 7 Metals is not only experiencing the effects of COVID-19 but also the retirement of our Environmental Director, Mr. Don Backfisch. Don has worked in environmental compliance for over 30 years at Noranda Aluminum and now Magnitude 7 Metals. His expertise in environmental compliance and his contacts with state and federal agencies will be sorely missed. Also we have been in contact with EPA in regard to our EPA Registry ID and Noranda Aluminum's EPA Registry ID. An error report was filed on ECHO (Enforcement and Compliance History Online) and we have been in communication with Matthew Kelly, Data Management Services Division, Office of Mission Support/OIM, US EPA, WHC West 6416T, 202.566.1597, Kelly.Matthew@epa.gov since 2/12/20 and Kimberly Hoke, SSM, CGI Federal, 314.326.2349, kimberly.hoke@cgifederal.com, since 2/27/2020.

Magnitude 7 Metals was issued RNOV#AP20001 on February 7, 2020 and while we are working on our response, we are experiencing delays due to the COVID-19, Don's retirement and CDX issues. Therefore we would like to request an extension on our response to this NOV.

Thank you for your consideration,

Nancy Halford

Environmental Superintendent
